\* Data revised.

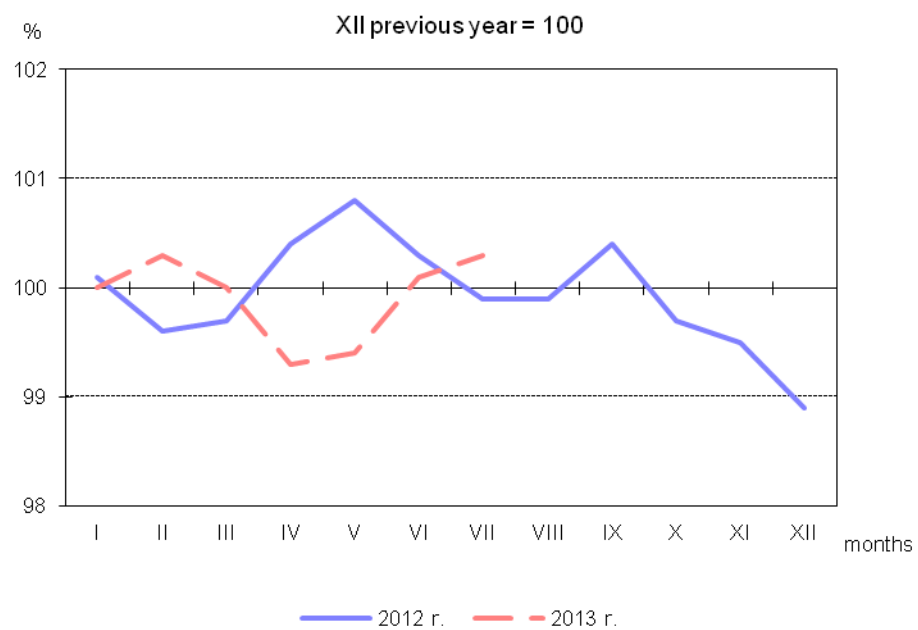

According to preliminary data, **the prices of sold production of industry** in July of 2013 were of 0.2% higher than in the previous month. The growth prices was recorded in manufacturing (by 0.3%), of which the biggest in manufacture of coke and refined petroleum products (by 2.2%). The prices were also higher among other things in manufacture of pharmaceutical products (by 1.4%), of machinery and equipment, of computer, electronic and optical products, of leather and related products (by 0.8% each), of printing and reproduction of recorded media (by 0.4%), of food products (by 0.3%), of rubber and plastic products, of other transport equipment (by 0.2% each), of metal products, of textiles (by 0.1% each). Prices in manufacture of furniture reached the level similar to the one recorded in the previous month. The drop prices was recorded among other things in manufacture of other non-metallic mineral products, of motor vehicles, trailers and semi-trailers, of products of wood, cork, straw and wicker (of 0.1% each), of chemicals and chemical products, of beverages, of wearing apparel (of 0.3% each), of electrical equipment, of paper and paper products (of 0.4% each), of basic metals (of 0.6%). Prices in section electricity, gas, steam and air conditioning supply reached the level similar to the one recorded in the previous month. Prices in section water supply; sewerage, waste management and remediation activities were lower of 0.2%. The drop prices was recorded in section mining and quarrying (of 0.9%), of which in mining of metal ores (of 1.6%) as well as in mining of coal and lignite (of 0.6%).

In comparison to December of the previous year the prices of sold production of industry were higher by 0.3%. The highest growth of prices was recorded in sections water supply; sewerage, waste management and remediation activities as well as in manufacturing (by 1.1% each). In manufacturing prices were higher also among other things in manufacture of pharmaceutical products (by 3.9%), of leather and related products (by 3.4%), other transport equipment (by 2.4%), of motor vehicles, trailers and semi-trailers, of machinery and equipment, of wood, cork, straw and wicker (by 2.1% each), of beverages (by 2.0%), of computer, electronic and optical products (by 1.8%), of coke and refined petroleum products (by 1.6%), of textiles (by 1.4%), of paper and paper products (by 1.2%), as well as of food products (by 0.9%). The drop prices was recorded among other things of manufacture of other non-metallic mineral products (of 0.4%) as well as of printing and reproduction of recorded media (of 3.0%). The biggest drop was recorded in section mining and quarrying (of 8.3%), of which in mining of metal ores (of 14.3%) as well as in mining of coal and lignite (of 5.7%). The drop was also recorded in the prices in section electricity, gas, steam and air conditioning supply - of 1.6%.

In July of 2013 the prices of sold production of industry were of 0.8% lower than a year earlier. The drop prices was recorded in sections: mining and quarrying (of 11.9%), in electricity, gas, steam and air conditioning supply (of 1.4%). The prices in manufacturing reached the level similar to the one recorded in the previous year. The prices increased in section water supply; sewerage, waste management and remediation activities (by 1.6%).

It is estimated that **the prices of construction and assembly production** in July 2013 were of 0.1% lower than in the previous month, of 1.1% lower than in December of previous year and of 1.9% lower than in July 2012.
