* Data revised.

According to preliminary data, **the prices of sold production of industry** in September 2013 were by 0.2% higher than in the previous month. The growth prices was recorded in sections: mining and quarrying (by 0.4%), manufacturing as well as water supply; sewerage, waste management and remediation activities (by 0.2% each). In manufacturing the biggest growth was recorded in manufacture of coke and refined petroleum products as well as of leather and related products (by 1.3% each). The prices were also higher in manufacture of beverages (by 0.5%), of machinery and equipment (by 0.4%), of food products, of rubber and plastic products, of electrical equipment, of basic metals, of paper and paper products (by 0.2% each), of chemicals and chemical products, of other non-metallic mineral products, of computer, electronic and optical products, of furniture, of textiles (by 0.1% each). Prices in manufacture of motor vehicles, trailers and semi-trailers reached the level similar to the one recorded in the previous month. The drop prices was recorded among other things in manufacture of wood, cork, straw and wicker, of pharmaceutical products, of wearing apparel (of 0.1% each), of metal products (of 0.2%), of other transport equipment (of 0.4%), of printing and reproduction of recorded media (of 0.5%). Prices in section electricity, gas, steam and air conditioning supply reached the level similar to the one recorded in the previous month.

In comparison to December of the previous year the prices of sold production of industry were higher by 0.2%. The highest growth of prices was recorded in section water supply; sewerage, waste management and remediation activities (by 1.5%). In manufacturing prices were higher by 0.9%, of which among other things in manufacture of leather and related products (by 6.4%), of pharmaceutical products (by 6.1%), of coke and refined petroleum products (by 2.6%), of beverages (by 1.9%), of machinery and equipment (by 1.8%), of motor vehicles, trailers and semi-trailers, of wood, cork, straw and wicker, of other transport equipment (by 1.5% each), of paper and paper products (by 1.2%), of food products (by 1.0%), of textiles (by 0.8%), of rubber and plastic products, of computer, electronic and optical products (by 0.6% each). The drop prices was recorded among other things in manufacture of chemicals and chemical products (of 0.4%), of basic metals (of 0.5%), of electrical equipment (of 0.6%), of metal products (of 0.7%), of other non-metallic mineral products as well as of printing and reproduction of recorded media (of 0.8% each). The drop was recorded in the prices in section electricity, gas, steam and air conditioning supply (of 1.6%). The biggest drop was recorded in section mining and quarrying (of 7.9%), of which in mining of metal ores (of 11.9%) as well as in mining of coal and lignite (of 7.2%).

In September 2013 the prices of sold production of industry were of 1.4% lower than a year earlier. The drop prices was recorded in sections: mining and quarrying (of 12.1%), electricity, gas, steam and air conditioning supply (of 1.6%) as well as manufacturing (of 0.7%). The prices increased in section water supply; sewerage, waste management and remediation activities (by 1.4%).

It is estimated that the **prices of construction and assembly production** in September 2013 were of 0.1% lower than in the previous month. A drop prices was recorded in construction of buildings (of 0.2%) as well as in civil engineering (of 0.1%). Prices in specialised construction activities reached the level similar to the one recorded in the previous month.

In September 2013 the prices of construction and assembly production were of 1.4% lower than in December of previous year and of 1.8% lower than in September of the previous year.
