* Data revised.

According to preliminary data, **the prices of sold production of industry** in October 2013 were of 0.5% lower than in the previous month. The drop prices was recorded in manufacturing (of 0.6%), of which the biggest drop was recorded in manufacture of coke and refined petroleum products (of 3.2%). The prices were also lower among other things in manufacture of computer, electronic and optical products (of 0.8%), of motor vehicles, trailers and semi-trailers (of 0.6%), of chemicals and chemical products, of other transport equipment, of beverages (of 0.5% each), of food products, of metal products, of furniture, of wearing apparel (of 0.4% each), of electrical equipment, of other non-metallic mineral products, of textiles (of 0.3% each), of basic metals, of rubber and plastic products (of 0.1% each). Prices in manufacture of pharmaceutical products reached the level similar to the one recorded in the previous month. The growth prices was recorded among other things in manufacture of paper and paper products (by 0.1%), of machinery and equipment, of wood, cork, straw and wicker (by 0.2% each), of leather and related products (by 0.6%), of printing and reproduction of recorded media (by 0.9%). Prices in section mining and quarrying were lower of 0.4%, of which in mining of metal ores (of 3.5%) but in mining of coal and lignite the growth prices was recorded (by 1.8%). Prices in section water supply; sewerage, waste management and remediation activities were lower of 0.1%. Prices in section electricity, gas, steam and air conditioning supply reached the level similar to the one recorded in the previous month.

In comparison to December of the previous year the prices of sold production of industry were lower of 0.4%. The biggest drop was recorded in section mining and quarrying (of 8.5%), of which in mining of metal ores (of 15.2%) as well as in mining of coal and lignite (of 5.7%). The drop was recorded in the prices in section electricity, gas, steam and air conditioning supply (of 1.6%). In manufacturing prices were higher by 0.2%, of which among other things in manufacture of leather and related products (by 6.8%), of pharmaceutical products (by 5.9%), of wood, cork, straw and wicker (by 1.7%), of machinery and equipment (by 1.4%), of paper and paper products (by 1.3%), of rubber and plastic products (by 1.0%), of motor vehicles, trailers and semi-trailers, of other transport equipment, of beverages (by 0.8% each), of food products (by 0.5%). The drop prices was recorded among other things in manufacture of computer, electronic and optical products, of furniture (of 0.3% each), of basic metals, of chemicals and chemical products (of 0.6% each), of coke and refined petroleum products, of electrical equipment (of 0.9% each), of metal products (of 1.1%), of other non-metallic mineral products (of 1.2%). The growth of prices was recorded in section water supply; sewerage, waste management and remediation activities (by 1.6%).

In October 2013 the prices of sold production of industry were of 1.3% lower than a year earlier. The drop prices was recorded in sections: mining and quarrying (of 10.5%), electricity, gas, steam and air conditioning supply (of 1.6%) as well as manufacturing (of 0.7%). The prices increased in section water supply; sewerage, waste management and remediation activities (by 1.7%).

It is estimated that the **prices of construction and assembly production** in October 2013 were of 0.1% lower than in the previous month. A drop prices was recorded in construction of buildings (of 0.2%). Prices in civil engineering reached the level similar to the one recorded in the previous month. A growth prices was recorded in specialised construction activities (by 0.1%).

In October 2013 the prices of construction and assembly production were of 1.5% lower than in December of previous year and of 1.7% lower than in October of the previous year.
