\* Data revised.

According to preliminary data, **the prices of sold production of industry** in October 2015 were of 0.1% higher than in the previous month. The growth was recorded in mining and quarrying by 1.7%. The growth of prices was also recorded in manufacturing by 0.1%, of which the biggest in manufacture of computer, electronic and optical products (by 1.0%). The prices were also higher among other things in manufacture of motor vehicles, trailers and semi-trailers (by 0.8%), of leather and related products (by 0.6%), of paper and paper products (by 0.5%), of food products, of other transport equipment (by 0.3% each), of metal products, of wearing apparel, of printing and reproduction of recorded media (by 0.2% each), of electrical equipment, of furniture, of machinery and equipment as well as of textiles (by 0.1% each). The drop of prices was recorded among other things in manufacture of rubber and plastic products, of other non-metallic mineral products, of beverages (of 0.1% each), of products of wood, cork, straw and wicker, of pharmaceutical products (of 0.3% each), of chemicals and chemical products (of 0.7%) as well as of basic metals (of 1.0%). The biggest drop of prices was recorded in manufacture of coke and refined petroleum products (of 1.3%). The drop of prices was recorded in sections: electricity, gas, steam and air conditioning supply and water supply; sewerage, waste management and remediation activities (of 0.2% and of 0.3%).

In comparison to December of the previous year the prices of sold production of industry were lower of 0.6%. The prices in mining and quarrying were lower of 4.7%. In manufacturing prices were lower of 0.5%, of which - in manufacture of coke and refined petroleum products (of 9.5%). The drop prices was also recorded among other things in manufacture of wearing apparel (of 2.1%), of chemicals and chemical products (of 1.3%), of other non-metallic mineral products (of 1.2%), of beverages (of 1.1%), of metal products (of 0.9%) as well as of products of wood, cork, straw and wicker (of 0.3%). The growth of prices was recorded among other things in manufacture of basic metals, of printing and reproduction of recorded media (by 0.3% each), of food products, of rubber and plastic products, of leather and related products (by 0.4% each), of machinery and equipment (by 0.6%), of textiles (by 0.7%), of pharmaceutical products (by 1.1%), of motor vehicles, trailers and semi-trailers (by 1.2%), of other transport equipment (by 2.4%) as well as of paper and paper products (by 3.6%). The drop of prices was recorded in section electricity, gas, steam and air conditioning supply of 0.1%, but in section water supply; sewerage, waste management and remediation activities prices were higher by 0.6%.

In October 2015 the prices of sold production of industry were of 2.3% lower than a year earlier. The drop of prices was recorded in sections: mining and quarrying (of 6.1%), manufacturing (of 2.5%) and electricity, gas, steam and air conditioning supply (of 0.1%). The prices increased in section water supply; sewerage, waste management and remediation activities (by 0,5%).

It is estimated that the **prices of construction and assembly production** in October 2015 were lower of 0.1% than in the previous month. The drop of prices was recorded in construction of buildings (of 0.2%). However the prices in civil engineering as well as in specialised construction activities reached the level similar to the one recorded in the previous month.

In October 2015 the prices of construction and assembly production were of 0.7% lower than in December of previous year as well as than in October of the previous year.
