* Data revised.

According to preliminary data, **the prices of sold production of industry** in March 2016 were of 0.1% lower than in the previous month. The drop of prices was recorded in sections: manufacturing of 0.2% as well as in electricity, gas, steam and air conditioning supply – of 0.1%. From the divisions of the manufacturing the biggest drop was recorded in manufacture of chemicals and chemical products (of 1.3%). The prices were also lower among other things of manufacture of paper and paper products (of 1.2%), of computer, electronic and optical products (of 0.9%), of motor vehicles, trailers and semi-trailers, of basic metals (of 0.8% each), of other transport equipment (of 0.6%), of rubber and plastic products, of textiles (of 0.5% each), of metal products, of electrical equipment, of machinery and equipment, of pharmaceutical products (of 0.4% each), of furniture, of products of wood, cork, straw and wicker, of leather and related products (of 0.3% each), of food products, of wearing apparel, of printing and reproduction of recorded media (of 0.2% each) as well as of other non-metallic mineral products and of beverages (of 0.1% each). However the prices were higher in manufacture of coke and refined petroleum products (by 6.6%). The prices in section water supply; sewerage, waste management and remediation activities increased by 0,3%. The growth of prices was also recorded in mining and quarrying by 1.1%, of which in mining of metal ores (by 6.5%), but the drop was recorded in mining of coal and lignite (of 2.3%).

In March 2016 the prices of sold production of industry were of 1.7% lower than a year earlier (drop of 2.5% in March 2015). The drop of prices was recorded in sections: mining and quarrying (of 9.7%), electricity, gas, steam and air conditioning supply (of 2.3%) and manufacturing (of 1.3%). The prices increased in section water supply; sewerage, waste management and remediation activities (by 1.0%).

It is estimated that the **prices of construction and assembly production** in March 2016 were of 0.1% lower than in the previous month. A drop of prices was recorded in construction of buildings, in civil engineering (of 0.1% each). The price in specialised construction activities reached the level similar to the one recorded in the February 2016.

In comparison to March of the previous year, the prices of construction and assembly production fell of 0.8%, when prices also fell of 0.3%.
