* Data revised.

According to preliminary data, **the prices of sold production of industry** in June 2016 were higher by 0.2% than the previous month. The growth of prices was recorded in sections: mining and quarrying by 0.5%, electricity, gas, steam and air conditioning supply - by 0.4% as well as manufacturing - by 0.2%. From the divisions of the manufacturing the biggest growth was recorded in manufacture of coke and refined petroleum products (by 3.7%). The prices were also higher among other things in manufacture of basic metals (1.0%), of food products (by 0.4%), of metal products, of electrical equipment, of paper and paper products (by 0.1% each). The prices in manufacture of other non-metallic mineral products as well as of wearing apparel reached the level similar to the one recorded in the previous month. The drop of prices was recorded among other things in manufacture of rubber and plastic products, of machinery and equipment, of other transport equipment, of textiles (by 0.1% each), of motor vehicles, trailers and semi-trailers, of chemicals and chemical products, of furniture, of products of wood, cork, straw and wicker, (by 0.2% each), of pharmaceutical products, of leather and related products, of printing and reproduction of recorded media (of 0.3% each), of computer, electronic and optical products (of 0.6%) as well as of beverages (of 0.7%). The prices in section water supply; sewerage, waste management and remediation activities reached the level similar to the one recorded in the previous month.

In comparison to December of the previous year the prices of sold production of industry were higher by 0.5%. The growth of prices was recorded in section water supply; sewerage, waste management and remediation activities (by 1.6%). In manufacturing prices were higher by 0.8%, of which the biggest in manufacture of coke and refined petroleum products (by 12.8%). The growth of prices was recorded among other things in manufacture of basic metals (by 3.8%), of motor vehicles, trailers and semi-trailers (by 1.3%), of beverages, of other transport equipment (by 0.7% each), of pharmaceutical products (by 0.6%), of textiles (by 0.5%), of other non-metallic mineral products (of 0.3%) as well as of paper and paper products (of 0.2%). The prices in manufacture of food products reached the level similar to the one recorded in December 2015. The drop prices was recorded among other things in manufacture of metal products, of electrical equipment, of machinery and equipment (of 0.3% each), of products of wood, cork, straw and wicker (of 0.4%), of chemicals and chemical products as well as of computer, electronic and optical products (of 1.4% each). The prices in section electricity, gas, steam and air conditioning supply were lower of 1.7%. The prices in mining and quarrying were lower of 2.3%, of which in mining of coal and lignite (of 7.3%), but the growth of prices was recorded in mining of metal ores (by 4.3%).

In June 2016 the prices of sold production of industry were of 0.7% lower than a year earlier (drop of 1.4% in June 2015). The drop of prices was recorded in sections: mining and quarrying - of 6.4%, electricity, gas, steam and air conditioning supply - of 2.7% as well as in manufacturing - of 0.3%. The prices increased in section water supply; sewerage, waste management and remediation activities - by 0.9%

It is estimated that the **prices of construction and assembly production** in June 2016, of which the prices in construction of buildings, in civil engineering as well as in specialised construction activities were higher by 0.1% each than the previous month.

In June 2016 the prices of construction and assembly production were of 0.2% lower than in December of previous year and of 0.5% lower than in June of the previous year.
