* Data revised.

According to preliminary data, **the prices of sold production of industry** in September 2016 were higher by 0.3% than the previous month. The growth of prices was recorded in manufacturing (by 0.4%), of which the biggest in manufacture of coke and refined petroleum products (by 4.2%). The growth of prices was also recorded in manufacture of computer, electronic and optical products (by 0.6%), of food products, of chemicals and chemical products (by 0.4% each), of electrical equipment, of basic metals, of paper and paper products, of leather and related products, of the printing and reproduction of recorded media (of 0.3% each), of rubber and plastic products, of other transport equipment, of textiles (by 0.2% each), of motor vehicles, trailers and semi-trailers as well as of products of wood, cork, straw and wicker (by 0.1% each). The prices in manufacture of other non-metallic mineral products reached the level similar to the one recorded in August 2016. The drop of prices was recorded among other things in manufacture of metal products, of furniture, of pharmaceutical products, of wearing apparel (of 0.1% each), of machinery and equipment as well as of beverages (of 0.2% each). The prices in sections: electricity, gas, steam and air conditioning supply as well as water supply; sewerage, waste management and remediation activities reached the level similar to the one recorded in August 2016. The drop of prices was recorded in mining and quarrying of 1.0%, of which in mining of coal and lignite (of 1.7%) as well as in mining of metal ores (of 0.5%).

In comparison to December of the previous year the prices of sold production of industry were higher by 0.3%. The growth of prices was recorded in section water supply; sewerage, waste management and remediation activities by 2.1%. In manufacturing prices were higher by 0.6%, of which the biggest in manufacture of coke and refined petroleum products (by 9.9%). The growth of prices was recorded among other things in manufacture of basic metals (by 4.2%), of printing and reproduction of recorded media (by 3.4%), of leather and related products (by 2.3%), of food products (by 1.4%), of motor vehicles, trailers and semi-trailers, of pharmaceutical products (by 0.9% each), of rubber and plastic products (by 0.7%), of beverages (by 0.1%). The drop prices was recorded among other things in manufacture of paper and paper products, of other transport equipment (of 0.1% each), of other non-metallic mineral products, of textiles (of 0.2% each), of wearing apparel (of 0.5%), of wood, cork, straw and wicker (of 0.6%), of metal products, of electrical equipment (of 0.9% each), of furniture (of 1.4%), of machinery and equipment (of 1.6%), of computer, electronic and optical products (of 2.1%) as well as of chemicals and chemical products (of 2.8%). The drop of prices was recorded in sections: mining and quarrying of 0.7% as well as electricity, gas, steam and air conditioning supply were lower - of 1.9%.

In September 2016 the prices of sold production of industry were by 0.2% higher than a year earlier (drop of 2.8% in September 2015). The prices increased in sections: water supply; sewerage, waste management and remediation activities by 1.7% as well as manufacturing - by 0.5% The drop of prices was recorded in sections: mining and quarrying of 1.6% as well as electricity, gas, steam and air conditioning supply - of 2.0%

It is estimated that the **prices of construction and assembly production** in September 2016 were of 0.1% higher that in the previous month. A growth of prices was recorded in construction of buildings and in specialised construction activities (by 0.1% each). The drop of prices was recorded in civil engineering (of 0.1%).

In September 2016 the prices of construction and assembly production were by 0.1% higher than in December of previous year and of 0.1% lower than in September of the previous year.
