* Data revised.

According to preliminary data, **the prices of sold production of industry** in February 2017 reached the level similar to the one recorded in the previous month. The growth of prices was recorded in mining and quarrying by 1.4%, of which in mining of metal ores (by 1.9%) as well as in mining of coal and lignite (by 1.4%). The growth of prices was recorded in sections: electricity, gas, steam and air conditioning supply by 0.3% as well as water supply; sewerage, waste management and remediation activities - by 0.1%. The drop of prices was recorded in manufacturing of 0.1%, of which among other things in manufacture of motor vehicles, trailers and semi-trailers (of 0.6%), of rubber and plastic products (of 0.5%), of computer, electronic and optical products, of pharmaceutical products, of textiles (of 0.4% each), of other non-metallic mineral products, of machinery and equipment, of products of wood, cork, straw and wicker, of printing and reproduction of recorded media (of 0.3% each), of furniture, of paper and paper products, of other transport equipment, of wearing apparel (of 0.2% each), of metal products as well as of leather and related products (of 0.1% each). The prices in manufacture of coke and refined petroleum products, of electrical equipment as well as of beverages reached the level similar to the one recorded in January 2017. The growth of prices was recorded in manufacture of food products, of tobacco products (by 0.1% each), of basic metals (by 1.2%) as well as of chemicals and chemical products (by 1.4%).

In February 2017 the prices of sold production of industry were by 4.4% higher than a year earlier. The growth of prices was recorded in sections: mining and quarrying (by 30.0%), manufacturing (by 3.7%) and water supply; sewerage, waste management and remediation activities (by 3.4%) The prices decreased in section electricity, gas, steam and air conditioning supply (of 0.2%).

It is estimated that the **prices of construction and assembly production** in February 2017 reached the level similar to the one recorded in the previous month. The drop of prices was recorded in construction of buildings (of 0.1%). The price in in civil engineering as well as in specialised construction activities reached the level similar to the one recorded in January 2017.

In comparison to February of the previous year, the prices of construction and assembly production were higher by 0.3%.
