* Data revised.

According to preliminary data, **the prices of sold production of industry** in December 2017 were of 0.3% lower than in the previous month. The drop of prices was recorded in mining and quarrying of 0.8% of which in mining of metal ores (of 1.7%) as well as in mining of coal and lignite (of 0.4%). The drop of prices was also recorded in sections: manufacturing of 0.3% as well as electricity, gas, steam and air conditioning supply - of 0.1%. Among the divisions of manufacturing the drop of prices was recorded among other things in manufacture of motor vehicles, trailers and semi-trailers (of 0.8%), of basic metals (of 0.7%), of coke and refined petroleum products, of furniture (of 0.5% each), of wearing apparel, of products of wood, cork, straw and wicker, of pharmaceutical products, of computer, electronic and optical products, of other transport equipment (of 0.4% each), of electrical equipment, of paper and paper products (of 0.3% each) as well as of food products (of 0.2%). Prices in manufacture of beverages as well as of other non-metallic mineral products reached the level similar to the one recorded in November 2017. The growth of prices was recorded among other things in manufacture of metal products (by 0.1%) as well as of textiles (by 0.4%). Prices in sections: water supply; sewerage, waste management and remediation activities were higher by 0.1%.

In comparison to December of the previous year the prices of sold production of industry were higher by 0.3%. The highest growth was recorded in section water supply; sewerage, waste management and remediation activities by 1.4%. The growth of prices was recorded in manufacturing by 0.5%, of which the biggest in manufacture of basic metals (by 6.1%). The growth of prices was also recorded in manufacture of coke and refined petroleum products, of chemicals and chemical products (by 3.7% each), of paper and paper products (by 2.9%), of beverages (by 1.7%) as well as of food products (by 1.6%). The drop of prices was recorded among other things in manufacture of electrical equipment (of 1.3%), of computer, electronic and optical products (of 1.4%), of machinery and equipment (of 1.5%), of furniture, of textiles (of 1.8% each), of motor vehicles, trailers and semi-trailers (of 2.9%), of other transport equipment (of 5.1%). The prices in section electricity, gas, steam and air conditioning supply were lower of 0.6% and in mining and quarrying - of 0,9%.

It is estimated that, the prices of sold production of industry in 2017 with relation to previous year grew by 2.9%, in which the highest growth of prices - by 19.4% - was recorded in mining and quarrying. The prices were also higher in sections: water supply; sewerage, waste management and remediation activities by 2.7%, manufacturing - by 2.4% as well as electricity, gas, steam and air conditioning supply - by 0.2%. Among the divisions of manufacturing the growth of prices was recorded among other things in manufacture of coke and refined petroleum products (by 17.0%), of basic metals (by 10.4%), of chemicals and chemical products (by 4.2%), of food products (by 3.7%) as well as of tobacco products (by 2.1%). The drop of prices was recorded among other things in manufacture of machinery and equipment, of textiles (of 1.2% each), of furniture (of 0.8%), of motor vehicles, trailers and semi-trailers, of other transport equipment (of 0.7% each).

It is estimated that in December 2017 **the prices of construction and assembly production** were by 0.2% higher than in the previous month. The growth of prices was recorded in construction of buildings, in civil engineering as well as in specialised construction activities (by 0.2% each).

In December 2017 the prices of construction and assembly production were by 1.4% higher than the one recorded in December 2016. The growth of prices was recorded in specialised construction activities (by 1.6%), in construction of buildings (by 1.5%) as well as in civil engineering (by 1.1%).

The prices of construction and assembly production in 2017 were by 0.6% higher than the one recorded in the previous year. The growth was recorded in the prices in specialised construction activities (by 1.1%), in construction of buildings (by 0.7%) as well as in civil engineering (by 0.2%).
