

Price indices of sold production of industry and construction and assembly production in February 2018

19.03.2018

99,7

Prices in industry in comparison to the previous month

According to preliminary data in February 2018 the prices of sold production of industry were of 0.3% lower in comparison to January 2018. The prices of construction and assembly production were higher by 0.1%.

The prices in construction in February 2018 were by 0.1% higher in comparison to the previous month

According to preliminary data in February 2018 the prices of sold production of industry were lower of 0.2% in comparison to February 2017. Prices increase was recorded in construction and assembly production – o 1.6%.

The prices in industry in February 2018 in annual terms were lower of 0.2% but in construction – higher by 1.6%

SPECIFICATION	I 2018=100		II 2018=100		I-II 2018

TOTAL						

In all industrial sections, with the exception water supply; sewerage, waste management and remediation activities in February 2018 prices decreased both in comparison to the previous month this year and corresponding month of the previous year

* Data revised.

The prices of sold production of industry

According to preliminary data, **the prices of sold production of industry** in February 2018 were of 0.3% lower than in the previous month. The drop of prices was recorded in sections: mining and quarrying, manufacturing of 0.3% each as well as electricity, gas, steam and air conditioning supply of 0.1%. The prices in section water supply; sewerage, waste management and remediation activities reached the level similar to the one recorded in January 2018. In the scope of manufacturing the biggest drop of prices was recorded in manufacture of coke and refined petroleum products (of 4.3%). The prices were also lower among other things in manufacture of motor vehicles, trailers and semi-trailers (of 0.6%), of other transport equipment (of 0.5%), of rubber and plastic products (of 0.4%), of food products, of wearing apparel (of 0.2% each), of machinery and equipment, of textiles (of 0.1% each). Prices in manufacture of chemicals and chemical products as well as of tobacco products reached the level similar to the one recorded in January 2018. The growth of prices were recorded among other things in manufacture of electrical equipment, of furniture (by 0.1% each), of metal products, of computer, electronic and optical products (by 0.2% each), of other non-metallic mineral products, of pharmaceutical products, of leather and related products, of printing and reproduction of recorded media (by 0.3% each), of products of wood, cork, straw and wicker (by 0.4%), of paper and paper products (by 0.5%), of beverages (by 1.1%) as well as of basic metals (by 1.2%).

In February 2018 the prices of sold production of industry were of 0.2% lower than a year earlier. The biggest drop of prices was recorded mining and quarrying of 1.7%, of which in mining of metal ores (of 6.0%), but the growth of prices was recorded in mining of coal and lignite (by 0.2%). The prices decreased in sections: electricity, gas, steam and air conditioning supply of 1.1% as well as in manufacturing – of 0.1%. In the scope of manufacturing the drop of prices was recorded among other things in manufacture of other transport equipment (of 5.1%), of computer, electronic and optical products (of 2.3%), of motor vehicles, trailers and semi-trailers (of 2.1%), of coke and refined petroleum products (of 2.0%), of furniture (of 1.2%), of printing and reproduction of recorded media (of 1.1%), of rubber and plastic products, of leather and related products (of 0.9% each), of machinery and equipment (of 0.8%), of electrical equipment, of tobacco products (of 0.7% each), of textiles (of 0.5%). The growth of prices was recorded in manufacture of food products (by 0.1%), of chemicals and chemical products (by 0.3%), of metal products, of pharmaceutical products (by 0.4% each), of beverages (by 0.8%), of products of wood, cork, straw and wicker (by 1.5%), of other non-metallic mineral products (by 1.6%), of wearing apparel (by 2.0%), of paper and paper products (by 4.1%) as well as of basic metals (by 5.0%). The growth of prices was recorded in section water supply; sewerage, waste management and remediation activities by 1.2%.

The prices of construction and assembly production

It is estimated that **the prices of construction and assembly production** in February 2018 were by 0.1% higher than in the previous month. The growth of prices was recorded in construction of buildings, in civil engineering (by 0.1% each). The drop of prices was recorded in specialised construction activities (of 0.1%).

In comparison to February of the previous year, the prices of construction and assembly production were higher by 1.6%. The growth of prices was recorded in construction of buildings (by 1.9%), in specialised construction activities (by 1.6%) as well as in civil engineering (by 1.4%).

In February 2018 in comparison to the previous month the biggest drop of prices was recorded in manufacture of coke and refined petroleum products of 4.3% (in comparison to February 2017 the drop was of 2.0%)

The biggest drop of prices in comparison to the February of the previous year was recorded in transport industry i.e. in manufacture of other transport equipment of 5.1% and of motor vehicles, trailers and semi-trailers of 2.1%

Prices in construction in February 2018 in annual terms increased in all divisions of construction

Chart 1. Dynamics of prices in 2017-2018 (XII 2016 = 100)

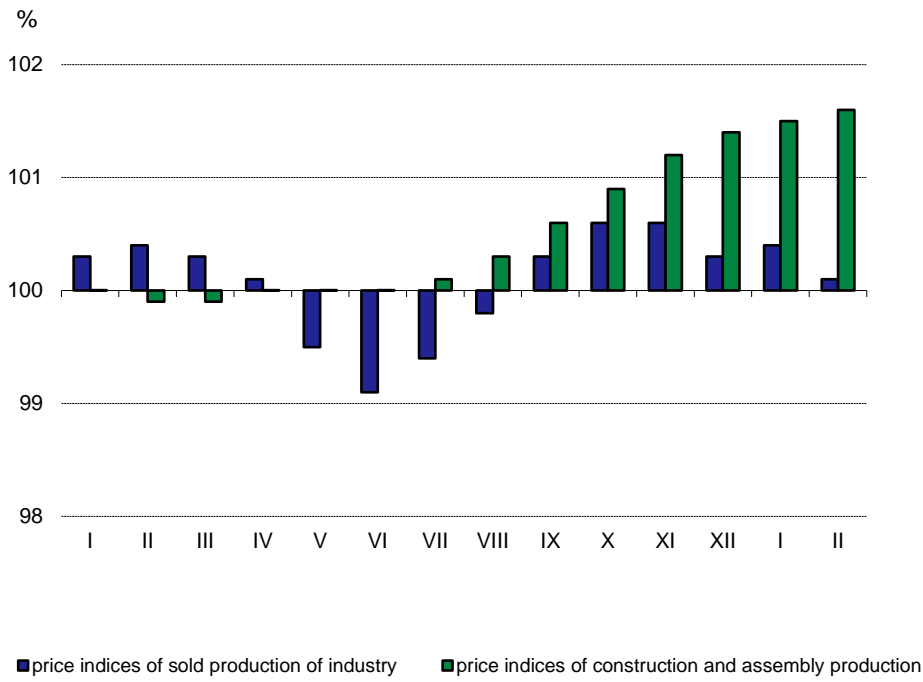

Chart 2. Dynamics of prices of sold production of industry sections in 2017-2018 (XII 2016 = 100)
