

STATISTICS IN TRANSITION

new series

An International Journal of the Polish Statistical Association

CONTENTS

From the Editor	387
Submission information for authors	391
Sampling methods and estimation	
Al-Nasser A. D., Al-Omari A.I., Mustafa A. B., Jaber K. , Developing single-acceptance sampling plans based on a truncated lifetime test for an Ishita distribution	393
Research articles	
Dwivedi L. M. , The role of Breastfeeding vis-à-vis contraceptive use on birth spacing in India: a regional analysis	407
Jabłońska K. , Dealing with heteroskedasticity within the modeling of the quality of life of older people	433
Majdzińska A. , Spatial measures of development in evaluating the demographic potential of Polish counties	453
Yaya O. S. , Another look at the stationarity of inflation rates in OECD countries: application of structural break-GARCH-based unit root tests	477
Other articles:	
<i>Multivariate Statistical Analysis 2016, Łódź. Conference Papers</i>	
Krzyśko M., Łukaszonek W., Wołyński W. , Discriminant coordinates analysis in the case of multivariate repeated data	495
Research Communicates and Letters	
Danish F. , A mathematical programming approach for obtaining optimum strata boundaries using two auxiliary variables under proportional allocation	507
Sabharwal A., Grover G. , Comparison of diabetic nephropathy onset time of two groups with left truncated and right censored data	527
Bieniek M. , Channel performance under Vendor Managed Consignment Inventory Contract with additive stochastic demand	551
Conference Announcement	
An international scientific conference <i>Community Cohesion and Well-Being, and Innovative Development</i> will be held on December 4, 2018, in Warsaw	563
