

# Objectives and actions underway:

☐ Towards an increased Impact Factor – indexation bases in which SiTns is already included:

- **SCOPUS**
- **InfoBase Index (IF 3,86)**
- **IC Journals Master List**
- **BazEkon / GOOGLE Scholar**
- **CEJSH**
- **ERIH PLUS**
- **RePEc base:** from Vol.11 No 3; (2010, December)

<https://ideas.repec.org/s/csb/stintr.html>

☐ Continuation to broaden the number of **international indexation** bases which involve SiTns – such as **CEEOL / Central and Eastern European Online Library**

- In particular, we aim to be indexed by ISI and other prestigious databases

☐ Further development / improvement of **SiTns web page:**

<http://stat.gov.pl/en/sit-en/>

**About us.** SiTns appears on the wikipedia.org

## News from *Indexation Bases*

SiTns has been upgraded on the Ministry of Science and Higher Education List – our journal has been awarded maximum number of points, 15 (previously it was 9 points).

### SCOPUS:

„This is a professionally run journal of wide interest. An interesting feature is the brief introduction in each issue given by an editor. This will be seen by readers as evidence of close editorial scrutiny and enhance the credibility of the journal, besides being of interest in itself” - from the final evaluation report of the SCOPUS' Content Selection & Advisory Board (CSAB)
