

Terms used in official statistics

Bed places in tourist accommodation establishments.

Definition:

The number of bed places in an establishment or dwelling is determined by the number of persons who can stay overnight in the beds set up in the establishment (dwelling), ignoring any extra beds that may be set up by customer request and excluding bed places used by the employees working for the establishment (for example, when part of the facility is used as staff hotel).

High-level terms

- Collective accommodation facility
