

Terms used in official statistics

Extramural expenditures on R&D

Expenditures on R&D performed outside of the statistical unit (extramural R&D). Funds for extramural R&D should include only internal funds (not from external sources) provided to an outside unit for R&D performance including both where there is an expected compensatory delivery of R&D (exchange or purchase) and where no compensatory delivery is expected (transfer or grant).

Research and experimental development (R&D)
