

Terms used in official statistics

Strolling-recreational park

Definition:

Green area with high and low growing plants, at least 2 ha in size, maintained for the recreational needs of the population, featuring roads, walkways, benches, playgrounds etc. The area of park includes water areas (e.g. ponds) as well.

The area of park includes water sports areas, open swimming areas, sports fields, playgrounds, etc., provided they are generally accessible.

SG-01 statistical questionnaire contains category 'generally accessible strolling-recreational parks of other units' which comprise generally accessible strolling-recreational parks, that are not within the remit of local government but within the responsibility of other units, e.g. The Ministry of Culture and National Heritage.
