Other supporting R&D staff employed on R&D activity

Description of the concept that applied to: 31.12.2015

Definition:

Skilled and unskilled workers and secretarial and clerical staff, engaged in R&D projects or directly associated with realisation of these projects.

Workers on manual positions and administrative and economic staff participating in the realisation of R&D projects or directly associated with them are included in this category. The group comprises also personnel dealing mainly with finances and Human Resources, if they are directly related to R&D activity: However, staff providing intermediate services (e.g. canteen staff, cleaners or industrial guard) are not included here.
