Terms used in official statistics

Employed persons in the national economy

Persons performing work which brings them earnings in the form of wages and salaries or income, on the basis of an employment relationship or any other legal relationship or legal act, irrespective of the place and duration of that work, and natural persons conducting agricultural or non-agricultural economic activity

In the frame of persons employed are included:
1) employees, in other words wage and salaried workers i.e. persons employed on the basis of an employment relationship (employment contract, appointment, nomination, election) or a service relationship;
2) self-employed persons including contributing family workers;
3) outworkers;
4) members of agricultural production cooperatives;
5) clergy fulfilling priestly obligations.
