

Terms used in official statistics

Employed persons by Census 2021

Definition:

Persons aged 15 years or more who, during the reference week:

- performed for at least one hour any work generating pay or income, i.e. were employed in a public company/institution or by a private employer, worked on their own (or leased) agricultural farm, or conducted their own economic activity outside agriculture, assisted (without pay) in work on family agricultural farm or in conducting family economic activity outside agriculture,

- had work but did not perform it:

a) due to sickness, vacation, parenthood related leave (maternity leave, childcare leave, paternity leave or parental leave), organization of working time (work system or overtime), job-related training,

b) due to a seasonal nature of work, if they continue to regularly perform tasks and duties for the job or business off-season (excluding fulfilment of legal or administrative obligations),

c) for other reasons if the break in employment did not exceed 3 months.

The employed population was determined in the reference week, i.e. from 25 to 31 March 2021.
