Zoological garden

Definition:

A landscaped and developed area, along with technical infrastructure and functionally connected buildings, where live animals of wild species are kept and publicly exhibited for at least 7 days per year, excluding:

- a) circuses,
- b) pet shops,
- c) places where no more than 15 species of these animals and a total of no more than 50 specimens of reptiles, birds, and mammals are publicly exhibited,
- d) animal sanctuaries.
