Budget of local government

Definition:

It's annual plan of: revenues, expenditures, incomes and outgoings of the local entity. It is resolved on the financial year. Financial year is the calendar year. Budget Resolution is the basis for the financial management of local government units for the year. Budget Resolution is made up of: 1) the budget of local government unit; 2) annexes. The annexes to the budget resolution include: 1) a statement of the amounts of subsidies from the budget of local government unit; 2) The plan of revenues of the income account of entities referred to in article 223 item 1, and expenditures financed by them; 3) plans for local incomes and expenses of local government budgetary establishments.
