

NUTS 2024 revision (in force since 1 January 2024)

The Commission Delegated Regulation (EU) 2023/674 of 26 December 2022 amending the Annexes to Regulation (EC) No 1059/2003 of the European Parliament and of the Council on the establishment of a common classification of territorial units for statistics (NUTS) (OJ L 87, 24.3.2023, p. 1–53) was published on 24 March 2023 in the Official Journal of the European Union. During this revision round, modifications of the statistical units of 9 EU Member States were made. These modifications include either changes in the number of NUTS units or only in unit boundaries or names, without altering the number of units.
