\* Data revised.

According to preliminary data, **the prices of sold production of industry** in July of 2010 were by 0.3% higher than in the previous month. The prices were increased in mining and quarrying (of 1.6%). Prices were raised also in manufacturing of 0.3%, of which in manufacture of coke and refined petroleum products (by 1.5%). The prices were also increased among other things in manufacture of paper and paper products (of 1.4%), of rubber and plastic products, of printing and reproduction of recorded media (by 0.8% each), of motor vehicles, trailers and semi-trailers (by 0.6%), of food products (of 0.5%) as well as of pharmaceutical products (by 0.3%). However, the drop was recorded in the prices among other things of basic metals (of 0.3%), of other non-metallic mineral products, of machinery and equipment, of beverages, of other transport equipment (of 0.4% each), of computer, electronic and optical products (of 0.9%) as well as of electrical equipment (of 1.0%). The prices were increased in section electricity, gas, steam and air conditioning supply (of 0.1%). However the drop prices was recorded in section: water supply; sewerage, waste management and remediation activities (of 0.3%)

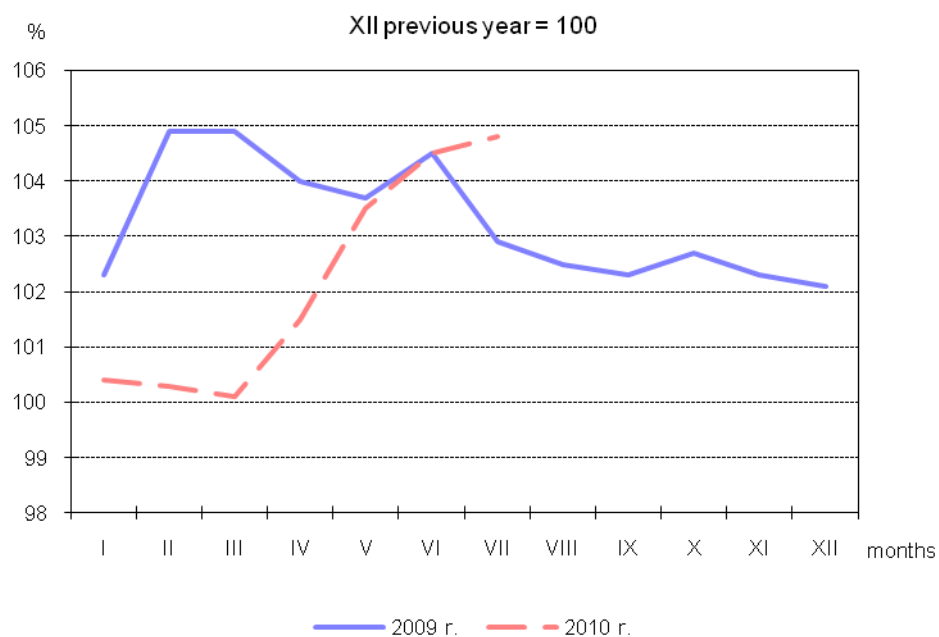

In comparison to December of the previous year the prices of sold production of industry raised by 4.8%. The highest growth of prices was recorded in mining and quarrying (of 10.7%). The growth of prices was recorded in manufacturing (by 4.4%), of which in manufacture of coke and refined petroleum products (by 32.3%). Prices were raised also among other things of manufacture of basic metals (by 17.4%), of paper and paper products (by 7.5%), of chemicals and chemical products (by 6.2%), of other transport equipment (by 3.6%), of rubber and plastic products (by 3.5%), of products of wood, cork, straw and wicker (by 3.3%), of pharmaceutical products, of tobacco products (by 2.8% each), of food products (by 1.5%), of motor vehicles, trailers and semi-trailers (by 0.9%), of metal products (of 0.8%) as well as of beverages (by 0.6%). The drop was recorded in the prices among other things in manufacture of electrical equipment (by 1.8%), of other non-metallic mineral products (by 2.4%) as well as of wearing apparel (by 3.1%). The prices in section electricity, gas, steam and air conditioning supply raised by 3.9% as well as in section water supply; sewerage, waste management and remediation activities - by 3.7%.

In July of 2010 the prices of sold production of industry were by 3.9% higher than a year earlier. The highest growth of prices was recorded in mining and quarrying (of 20.0%). The prices were also increased in sections: water supply; sewerage, waste management and remediation activities (of 5.6%), electricity, gas, steam and air conditioning supply (of 4.2%) as well as in manufacturing (of 2.7%).

It is estimated that **the prices of construction and assembly production** in July of 2010 were by 0.1% lower than in the previous month. The drop prices was recorded in construction of buildings (by 0.1%). The prices in civil engineering were at a level similar to the one recorded in the previous month. However, the price growth was recorded in specialised construction activities (by 0.1%).

In July of 2010 the prices of construction and assembly production were by 0.1% lower than in December of previous year and by 0.2% higher than in July of the previous year.
