

# Average paid employment<sup>1</sup> and average gross wages and salaries in enterprise sector in July 2021

18.08.2021

**1.8%**

Increase y/y average paid employment in enterprise sector

In July 2021, average paid employment in enterprise sector was higher by 1.8% y/y and amounted to 6361.7 thousand, while average wages and salaries were higher by 8.7% y/y and amounted to 5851.87 PLN (gross).

Data regarding the enterprise sector concerns units conducting economic activity classified into selected<sup>2</sup> kinds of activity by NACE Rev.2 and employing more than 9 persons. Data source is "Report on economic activity" (DG-1). Within the scope of this survey, for the entities with 50 and more persons employed it is a census survey, while for the entities employing from 10 to 49 persons it is a sample one<sup>3</sup>.

**Table 1. Average paid employment and average gross wages and salaries in enterprise sector in July 2021**

| Specification                                 | VII 2021            |             |              | I–VII 2021          |                |
|---|---------------------|-------------|--------------|---------------------|----------------|
|   | in absolute numbers | VI 2021=100 | VII 2020=100 | in absolute numbers | I–VII 2020=100 |
| Average paid employment in thousands          | 6361.7              | 100.0       | 101.8        | 6337.3              | 100.0          |
| Average gross wages and salaries total in PLN | 5851,87             | 100.9       | 108.7        | 5750.80             | 108.1          |
| of which excluding payments from profit       | 5848.38             | 100.8       | 108.8        | 5749.78             | 108.1          |

In enterprise sector in July 2021 average paid employment was similar to the one noted in the previous month, while average gross wages and salaries minimally increased compared to the June this year (by 0.9%)

In July 2021 **average paid employment in enterprise sector** remained at a level similar to that recorded a month earlier. In the two previous months, an increase in average paid employment by 0.3% was observed, both in June 2021 compared to May 2021 and in May 2021 compared to April 2021.

In relation of July 2021 to the corresponding month of 2020, an increase in average paid employment by 1.8% was observed.

**Chart 1. Average paid employment in enterprises sector**

in thousand

Due to the epidemic situation and its impact on the labour market, from March to May 2020 there was a decrease in the average paid employment in enterprise sector month on month, while from June 2020 its increase began to be observed. In 2021, average paid employment changed slightly. In July 2021, compared to the previous month, average paid employment remained almost unchanged - there was its slight increase by approx. 2.4 thousand full-time jobs.

Regarding **average gross wages and salaries in enterprise sector**, in July 2021, compared to the previous month a minimal increase by 0.9% was noted. It was caused among others by continuation of payment of quarterly, jubilee and incentive bonuses, as well as retirement severance pay (which beside the base remuneration are also included as components of wages and salaries).

Annually (July 2021 to July 2020) average gross wages and salaries increased by 8.7%. Year before (July 2020 to July 2019) a wage growth rate of 3.8% was recorded.

In the cumulative period of seven months of 2021 average gross wages and salaries, compared to the same period of the previous year, increased in all NACE sections by between 4.1% in section "Arts, entertainment and recreation" and 11.1% in section "Other service activities", which resulted in total average monthly wages and salaries increase of 8.1%.
